REGISTER ON ZOOM

Learn how mental health can be a vital part of your education giving strategy, and identify philanthropic opportunities for creating the highest impact for youth. Attendees will also receive a preview of the upcoming Thriving in Schools education roadmap. This event is the first in a series on how philanthropy can support young minds.

The webinar will include short videos from featured speakers and a panel discussion followed by Q&A. The panel will be moderated by Mindful Philanthropy's Executive Director, Alyson Niemann.
